

#1 Best Selling Investing Course on Udemy! Welcome to *The COMPLETE Financial Analyst Training and Investing Course* by the author of the best selling business course on Udemy, an award winning professor, Columbia MBA graduate, former Goldman, hedge fund founder, venture capitalist, TEDx Talk speaker, author & entrepreneur featured in Forbes, Business Insider, Wired and Venture Beat.

I guarantee that this is THE most thorough financial analyst course available ANYWHERE on the market - or your money back. This is the most thorough and longest course I have ever made and anyone can take it and see remarkable improvements in how competitive they are in the finance industry as a financial analyst or as an investor.

CONGRATULATIONS! You have just been hired by Morgan Haroun Sachs Company (MHS), which is the world's #1 (pretend) finance company. You will be going through our new hire Financial Analyst Training Program boot camp. You will learn a lot about finance in this training program with NO THEORY as you will be dealing with the employees and clients of our firm MHS Company in edutaining interactive case studies.

This course is taught by Chris Haroun who also went through the Goldman Sachs financial analyst training program as well as the new hire training programs of other top finance companies. Chris has also started his own hedge fund and venture capital firms and is an award winning MBA school professor. He teaches based on real life practical experience.

Do you have what it takes to complete this 22+ hour comprehensive finance training program? I'll see you on the other side.
